

Thirroul Medical Practice Results Policy

June 2015

If pathology, x-ray or scans are required your Doctor will refer you to a local collection centre. If you would like to know the cost of the services you have been referred to please contact the Referred Provider using the details shown on the referral form. If you would like assistance with this please ask our reception staff.

These results are downloaded daily and checked and signed by the referring Doctor. If your Doctor is unavailable, their delegate from the Practice will review the results.

To obtain results please call the practice after 10am. The reception staff will inform you of any action to be taken which is noted by the Doctor. Reception staff are not authorised to provide further details regarding your results. If you require advice on your results, please make an appointment to see your Doctor.

If the results require immediate attention you will receive a telephone call from the practice.
